MULTIPLE LOT OWNERS – Members who own more than one lot must be current with all dues to be members in good standing. Any outstanding balance may result in the deactivation of gate cards, and pin numbers and other action by the association.

RENTAL/OCCUPANT FORMS are required to register anyone residing at your property overnight in your absence. A fee is due with any Rental/Occupant form unless the occupants are immediate family. Long Term rental (6 months or more) fee is \$125, Short Term rental (less than 6 months) fee is \$50. Members not in good standing may not have overnight renters/occupants when they are not at the property.

DRAINAGE SWALES – Members who have drainage swales and pipes on the front, side or rear of their property are required to keep them clear of all debris to allow the free flow of runoff water. This is especially important when we experience excessive rain.

PROPERTY MAINTENANCE – All members are expected to maintain their IML residence, including all structures and any ground. Grass/weeds in any previously cleared area including front, side and rear yards must be trimmed regularly and never exceed 10 inches in height.

TREES – Members wishing to remove any tree growth on their property must get permission from IMLCA Codes Officer. In an effort to retain the wooded appeal of the community you may be required to replant for any growth removed from the 10 or 15 foot buffer.

SNOW REMOVAL – We will not detour from our snow routes unless there is a 911 emergency. We will make every effort to open roads as soon as possible. With 63 miles of road, those heavily traveled will be cleared first. Until this is done use caution traveling IML. Vehicles left abandoned on IML roads may be towed. On street parking will be permitted during the time it takes to clear a spot in your driveway. **Trash should not be placed on the street for collection during snow storms as this makes plowing more difficult.**
