Address: \_\_\_\_\_

Telephone: \_\_\_\_\_

Inoculations: 1. \_\_\_\_\_

2. \_\_\_\_\_

3. \_\_\_\_\_

Alternate Contact in case of Emergency:

Name: \_\_\_\_\_

Address: \_\_\_\_\_

Telephone: \_\_\_\_\_

## **Pet Registration**

**Fill out the registration form completely and provide a current picture of your pet.**

**This form is to provide information to Security to help return your pet to you in case it becomes lost. Loose and lost pets are a problem in all private communities. Even responsible pet owners can be separated from their pets. It is necessary to follow all rules for pets as listed in the IMLCA rules and regulations. If your pet should happen to get loose and away from your control please notify security immediately. Give a description and breed for your pet and a number you or a caregiver can be contacted at should the pet be recovered. You should then go try to recover your pet.**

**Accidents happen, dogs get loose, chase deer etc. However it is not the responsibility of IML Security to recover your pet. They will, while conducting patrols of the community, be on the lookout for your pet. Should they locate or recover your pet they will notify you where the animal is or can be recovered.**

**In the event that you cannot be contacted the animal will be turned over to the local Dog Warden for the county it was recovered in.**

**Keep in mind that we understand pets get loose at times. You are responsible for your pet at all times. If you report the animal as missing and make every attempt you can to recover the animal then you would not just be blindly given a citation. Many things are taken into consideration when dealing with loose/lost pets. Foremost how they became loose and the frequency in which it occurs.**

**Multiple violations, neglect, or failure to attempt to recover your pet will be viewed as a violation. Letting your pet out and allowing it to freely roam the community will be viewed as a violation.**

**All rules on pets can be found in the IMLCA rules and regulations. Article X page 17.**
